Stamford Ekes Victory Over Hamlin's Eleven

Stamford Makes Safety to Total
22 Points Against 20

Seven plays after receiving the opening kick-off on the 35 yard line Hamlin scored on a pass to Don Coles. Extra point failed.

Stamford received after the touchdown on their 30 yard line and after a 47 yard return soon scored and kicked extra point. Thus the game started and for four quarters the score see-sawed, favoring first one team then the other.

Hamlin is the first team to score on the Bulldogs this year.

Here is how the game looked on paper:

First Downs—Hamlin 8, Stamford 11.

Yards Gained from Running—Hamlin, 112; Stamford, 170.

Passes Completed—Hamlin 6 out of 18 tries for 98 yards. Stamford, 4 out of 16 attempted for 71 yards, with one intercepted.

Penalties—Hamlin received 35 yards; Stamford 45 yards.

Your Bills Paid For Hospitalization

THE NEW, EASY, CERTAIN WAY

Residents of this district can now obtain hospitalization under a Community Group Plan for both individuals and families in town and country which provides an assured saving way that really enables you to pay your hospital bills when the emergency arises.

It is easier to pay a fixed, small debt that you know the amount of each month than a large, unexpected bill when you can least afford it.

You can enroll now. Your protection is underwritten by the Fidelity Health and Accident Insurance Co., an old-line legal reserve stock company.

BENEFITS INCLUDE—

\$5.00 per day (60 days in one year maximum) hospital room with general nursing and other care, and providing payment of:

Operating room, at hospital rate.

General nursing care.

Emergency room, for accidental injuries.

Anesthetic, \$5.00 minor, to \$15.00 major operations.

Surgical dressings, \$5.00 each stay in hospital.

Hypodermics at regular hospital charge.

Routine medicines, \$5.00 each stay in hospital.

Laboratory service, \$5.00 for blood count and urinalysis.

X-ray, accidents only, \$5.00 one view, to \$15.00.

Maternity, special benefits after one year.

PLUS—Surgeon fees covering the following operations: abdominal, chest, ear, eye, nose, throat, rectal, sinus, tumor, cyst, male and female genital organs, kidneys, ureter, bladder, and amputations, bone trouble and fractures, and other surgical operations, according to policy.

NOTE: Dependents (wife, child, relation) may have this protection at lower rates with reduced benefits.

**ALL THE ABOVE BENEFITS FOR
"A NICKEL A DAY"**

The Fidelity Health and Accident Insurance Co. will maintain offices in the STAMFORD SANITARIUM, and the CALLAN HOSPITAL AT ROTAN, TEXAS.

Jones County Heads All Texas Counties

The entire state of Texas was included in the October 1 report of cotton ginnings, by counties.

Jones county was not in the top place as to the total number of bales ginned, but Jones county did have the distinction of being the county with the biggest number of bales ginned. Note the gain as of date one year ago.

Checking all of the counties, we find that a group of counties around and near Jones have gains over last year, and just a few others more distantly removed.

County	1941	1940
JONES	12,384	10,324
Robertson	14,964	13,277
Martin	1,766	1,058
Montague	1,469	1,381
Howard	4,009	882
Stonewall	1,271	999
Baylor	1,724	1,184
Fisher	6,319	5,640
Hardeman	791	622
Haskell	7,399	6,679

Nueces county had 43,510 bales to top the state list. Oct. 1, 1940 she had 48,684 bales.

Ellis county came second with 35,875 compared with 43,569 same date 1940.

Jones county will run high in cotton production this year, but it may be Dec. 1 to establish a lead.

The plains counties will count up after Nov. 1.

MT. ZION CHURCH

We are in the midst of the fall season. The children are in school, and everybody is busy gathering the crops. In the hurry and rush, let's not forget the House of our God.

The doors of Mt. Zion church swing open every Sunday morning nad Sunday night to welcome you to Sunday School and church services.

Next Sunday afternoon, Oct. 26, from 4 to 4:30, we broadcast over KXOX at Sweetwater. Tune in and listen and then come to the church at night.

Eugene Wood, Pastor

Mr. and Mrs. B. M. Wells and son, Herbert, have returned from Gladewater to make their home in Hamlin. Mr. and Mrs. Wells were residents of this city more than eleven years ago, and during that time they have maintained their home and other property here.

Defense Garb

With more and more women called into defense industries, the U. S. Bureau of Home Economics has designed a group of work garments allowing maximum comfort and freedom of action. The legs of the cotton denim slacks above are shaped in and closed with slide fasteners. The shirt is worn outside for coolness. When not needed for protection, the lower part of the sleeves may be taken off instead of rolled up.

Aw Rats! Just Feed 'Em Red Squill Poison

Red Squill is recommended for rat control. It is a poison that kills animals that cannot vomit. For this reason it can be used safely around dogs, cats and chickens. Three poison baits are recommended where Red Squill is used:

FISH—Fresh fish ground in a meat market is one of the most attractive baits to rats. If fresh fish is not available, a cheap grade of salmon or sardines may be substituted. Mix one ounce of powdered Red Squill with a little water to form a thin paste free from lumps, add one pound of fish and mix thoroughly.

MEAT—Mix one ounce of Red Squill with a little water to form a thin paste and add to one pound of fresh ground meat. Hamburger steak is most commonly used.

CEREALS—Mix together dry one ounce of Red Squill and one pound of cereal meal, such as oat meal, corn meal, or a bran. Add one pint of sweet milk or water and stir to a mushy consistency.

In putting this bait out, roll a small ball about the size of your thumb, of each of the above baits and put them in the rat dens or places where they will be most likely to get them. Three in a place one of each kind. The purpose is to give the rats a variety of food, since they are sometimes particular about what they eat. All of the poison should be put out in one night. If there is any left over the next morning it should be collected and destroyed. Then if in 2 weeks it is necessary to repeat this, it will be found satisfactory.

Mice prefer grain. In poisoning them you might get best results by using a poison grain. However, any of the strychnines are most dangerous and are not recommended where livestock, small children or anything might come in contact with it. The Red Squill will kill them if you can get them to eat it. In putting out Red Squill for mice some use corn meal and small one-half inch squares of light bread rolled in the Red Squill.

Sunday School, 9:45 A. M.
Morning Worship Service, 10:50.
Children and Young People meet at 6:45 P. M.

Evening services dismissed for the revival services at the High school auditorium.

Woman's Society of Christian Service meet Monday afternoon at 3 o'clock.

Choir practice, Tuesday night at 7 o'clock.

Rev. B. B. Crimm, the Evangelist, will preach Sunday morning. Special music will be rendered Sunday which will be observed as "Navy Day." A special invitation is given to families and relatives of Navy men, all ex-Navy men and members of the American Legion to attend our "Navy Day" service Sunday morning.

We are hoping to have 200 in Sunday school Sunday morning and our auditorium crowded to the doors at the morning service when Bro. Crimm preaches. Help make this possible with your attendance. Tell your friends and neighbors and bring some one to Sunday School and church Sunday morning. We always welcome visitors.

The revival will close next week and our opportunity to take Hamlin for the Lord will be passed, so let us get into the services and work and pray for a might sweeping revival of Pentecostal Power in our city. We are having great crowds and good interest. Help the Lord, through these men of God as He tries to stir our community, with your prayers, presence, and Christian efforts. Come to the revival!

Mr. and Mrs. J. W. Fancher of McCauley, were here Saturday and took Mr. and Mrs. L. H. Nichols home with them for a visit with his stepmother from Littlefield, who was visiting in McCauley.

Mrs. E. W. Bounds returned last Friday from Houston where she attended a meeting of The Daughters of the Confederacy.

In Time Jones Co. May Have Plenty of Copper

Here is one, believe it or not: COPPER TREE: The Texas Memorial Museum has a copper tree—but it doesn't yield copper nuts.

Discovered in Jones County by a University of Texas WPA geologist field crew, this tree is a 200,000,000 year old fossilized specimen, hardened to metal by action of chemicals in the soil in which it was buried in prehistoric times.

The tree stands twenty-five feet high, and is preserved even to its limbs and twigs, something unusual in petrification, according to Dr. Sellards.

During the process of petrification, water in the sands in which the tree lies carries a mineral to replace the wood, Dr. Sellards explained. Most common of these minerals is silica, and it is unusual for copper carbonate to be substituted, as was done on this tree, he said.

Due to lack of space in the museum, the tree is not on exhibition at present.—State Observer.

The Herald has known for many years that Jones County had lost of valuable things in it, but who ever guessed some WPA geological guy would dig up a whole "Copper Tree," right here in war times when copper is needed so much.

Who knows but after another two hundred million years, some smart guy on relief may dig up this editor's body, all turned to copper. Think of it—a "Copper Editor." He might after all become a "copper nut."

CHURCH OF CHRIST

Rev. 3:20, "If any man will but open the door, I will come in to him, and sup with him, and he with me."

Notice that it said "if any man" showing us that the invitation is extended to all. Every individual has the privilege of opening the door of his heart to Jesus. God is no respecter of persons. He offers salvation to all on the same conditions. The question is, are we willing to open the door, to obey the teachings of the Bible, to live a Christian life?

The Church of Christ invites you to worship with them at any or all of their services.

Minister, Luther G. Savage

Lt. Thad E. Harden, Jr., of the 2nd Engineers Battalion was in Hamlin Tuesday afternoon for a few hours, visiting with his family. He was en route from Ft. Sam Houston to Ft. Belvoir, Virginia, where he will attend an Officers Training School for Engineers. Lt. Harden was a reserve before being called to duty just in time to go to Louisiana for the Army Maneuvers. He gave an interesting account of the activities there, and of his own experience of being "captured and shot."

Mr. and Mrs. R. Y. Cloud and children of San Antonio, came last week to visit her parents, Mr. and Mrs. J. A. Tate.

Miss Fay Huddleston returned Monday from Corpus Christi where she had visited her brother J. F. for several days.

Dr. and Mrs. Joe McCrary and daughter, Sue, will leave Saturday for Houston to attend the American Dental Association. This is the first time in 20 years Texas has had the privilege of entertaining this national convention. The convention met in Dallas 20 years ago, and Dr. McCrary attended the meeting.

Local City Officers Keep Close Watch

In these times of many transient folks, there is plenty of watching on the part of local officers.

Recently, for example, R. Branscum, a Fisher county man, missed some auto tires and accessories. City Marshal Miles of Hamlin, co-operating with Sheriff Wilkins and his deputy Crowley of Roby began to put a few words here and there together, arresting a guy or two, and finally located the stolen property in a Rule store that is now charged with co-operation or conniving with snitchers of auto accessories.

City Marshal Miles reports a Rule man in jail and the one picked up in Hamlin as being also confined.

One of the most fertile fields for pilfering is about autos. Every time a stray piece or accessory of a car is offered for sale, the purchaser should know absolutely it is not a stolen object. City officers and all sheriffs are expecting a lot of irregular life in this section and are diligent to keep a tab on every suspicious stranger. Citizens can help by keeping what they have under good locks.

Side-Lights On The Hamlin - Stamford Foot Ball Game

Since foot ball is more modern than Ye Editor, and since this new day of time gives more attention to entertainment than in the days of our early teens or 20's, it has been hard for US to become enthusiastic about the rivalries on contending school boy fields of athletics . . . but we must admit that the big game between Hamlin's Pipers and Stamford's Bulldogs last Friday night almost took us to a finish . . . and a lot of other old guys got into the same fix. All the natives who remained in their homes could not sleep, read or radio because of the noise, the yells, the music, as the battle raged up and down the field. They had just as well have been out there with the rest of us.

Ye observer had a position in the new "press booth" and the gangs of people not only from around Hamlin and Stamford, but from widely scattered sections were enough to keep our nerves on edge. That game was the classic in high school foot ball if ever there was one. 42 points made and 22 went to Stamford. Scores stood first Hamlin 6, Stamford 0. Stamford 9, Hamlin 6. Hamlin 13, Stamford 9. Stamford 16, Hamlin 13. Hamlin 20, Stamford 16. By that time Stamford had quieted down and Hamlin folks watched time pass all too slowly. The more time passed the more quiet Stamford fans were. They got cold and bumpy, while on the West side Hamlin folks suffered agony in a frenzy of yells and hopes for the battle to end. Luck plays a big part in all games. A new passer for Stamford tossed the ball a long way, just high enough to go over interception and fall into the hands of a Bulldog with a clear field and the score stood as it ended, Stamford 22, Hamlin 20. Now who went wild, who got quiet? Just two minutes to go, and still anything could happen, but it didn't.

Bands from both schools played great music and also great parts. We believe Clyde Smith and his Piper Band took the show at the "half" when they formed Hitler's swastika on the field and then bombed it to pieces with cannon crackers and then formed a square hurdle just as four soldier-like boys rushed on the field with a concealed American Flag of great size, which was quickly spread over every band member and their instruments and then the Star Spangled Banner was started, and absolute quiet at attention reigned in the throng of people. The anthem ended, the flag was brought to the erect position in all of its great beautiful glory. Truly this was magnificent and so very appropriate.

Well, everybody had a good time; the only ones really heartbroken were the Hamlin Pep Squad members, who did a fine job of pepping up the Piper players. It looks as if Stamford has a fair chance to become district champs, however, they have two hard tests yet to hurdle, which might throw Hamlin back in

J. W. Ezell Chairman Local Chinese Relief

Dallas, Oct. 20th—Two million Chinese children, starving, without shelter, maimed and mangled, are facing a winter that will destroy them by the thousands unless help is forthcoming immediately from America, warned Nathan Adams, general chairman of United China Relief, here today. Chairman Adams made his appeal in extending the fund raising campaign in Texas for an indefinite period. The campaign was to have closed Oct. 15, but insistent pleas from county and community chairmen over the state made it necessary, Adams said, to extend the time for fund raising.

Money raised in Texas will be used to procure clothing and medical supplies for homeless Chinese children, according to Chairman Adams. He said literally tons upon tons of medical supplies are needed at once. The United States has accepted the responsibility of raising \$5,000,000 for this purpose, and Texas is to supply \$200,000 of this quota.

"Unless China is helped in every way possible," Chairman Adams said "we here in America are liable to wake up some morning to find a war raging on both our Eastern and Western fronts. China must not fall. She stands today as a great pillar of stone on the Axis highway to world domination. She must continue to stand. People everywhere in this state should contribute liberally to this most worthy cause. This is every man's responsibility."

J. W. Ezell, Local Chairman, Hamlin, Texas

The pastor will preach Sunday morning. Mr. Elton Roth and Mr. Clarence Johnston will render special music. I shall request that Mr. Roth sing "Throw A Line." If he does, you don't want to miss this song. He sang it one night last week, and it is very inspiring to hear this message in song.

We will have our Training Union at 6:30. Parents are urged to attend our Unions Sunday night. See what the young people are doing, and you will become more interested in Training Union. BE SURE AND COME. There will be no evening service. Attend the revival in the High school auditorium.

the circle of success. If Hamlin should have to play Stamford again, it will attract West Texas-wide attention.

Well, guess Ye old Ed has fallen a victim, too. We will have to be mighty ill to miss a game hereafter, especially this year.

About Town—

Hamlin is one of the thousands of American small town communities. People of Hamlin are about on a par with the people of all the other towns of the same size regardless of age.

During Hamlin's short 35 years of existence, men and women have come and gone; some to their graves and many to other places in our nation, yet Hamlin continues to live as the marks of time keep up their onward march.

This mid-October week, like so many in the past months, has been one unexpected for our climate—cloudy, dewey, and rainy. Hamlin town has seen but few wet Octobers in its 35 years and only a few years in the past 100 has so much rain fallen as thus far in one year.

What makes a town is its people. What Hamlin is or may be is determined by her people. Hamlin people have gained a reputation as a "Friendly town," but there are evidences that Hamlin folks are getting too busy to be friendly to strangers and even to each other. People here, like in all other places in America read, radio and talk a little bit. Hamlin people also have a reputation for being low on emotions. Some are absorbed in making more money; some want limelight and honor from their fellow citizens, merited or unmerited; some want all they can get out of the community without returning even a smile for its future; most Hamlin people are patriotic while some do not act like they care what, where, and when something different happens, just so it happens.

Some people in Hamlin are more disturbed about strikes than enemy armies. Most people believe everything they hear, others believe nothing unless they see it. Some people read nothing and think less, and know everything.

Hanging World—

Our war comment this week must be scant. The only real thing known in America is that Joseph Stalin is the man of the week. All nations who would like to see Hitlerism blown into smithereens, are hoping and trusting that Stalin, the ruler of great Russia, will be able to give the hellish Hitler Huns a knock-out blow, if not, then what?

Hitler's machine is still going according to plans. Those plans were announced to the world in 1934 in Mien Kamph. Nobody believed it then and there are a few still in this America who do not believe anything Hitler then said.

America is going slowly towards the settling decision among the troubled nations of the world. Maybe none of us can imagine what the struggle means that is now raging in Russia, and scattered places elsewhere. Some Americans are getting impatient with England, hardly realizing that not yet is England prepared to meet such an iron foe as that which is murdering Russia. England has tried it on several fields of disaster and the next time the English meet the Huns there will be a different story. But it must take time and that is what makes most Americans anxious. Will there be "time"?

Most Americans are getting fed up on labor strikes in the face of dangers that are ever coming nearer and nearer. Is it possible that this nation is to surrender to one faction, one party, one group while the enemy of all is dead sure approaching? Action is demanded and nothing else will cure the evil at home as well as across the oceans. In the meantime, the most any of us can do is to hope, wait and hope again. Time will tell.

Hamlin post office building is undergoing extensive repairing this week. The front walk has been thickened to raise it above the low water line and the floor is to be built up about one inch more. This will help some to keep out the water. Guess all this means that a new lease has been made on the building by the government.

Ask the Herald for office supplies. Many lines are carried.

Hamlin Soldier Boy Writes Plain Letter

Camp San Luis Obispo, Calif.
October 17, 1941

Dear Editor and Friends:

I want to thank the business men and friends of mine for such a wonderful time there on my furlough. You know that is all a soldier has to look forward to; so I think the people should treat him with respect. After all he has given up the best part of his life to work for Uncle Sam. When we get out, or if we ever get, I should say, we will have to start from the bottom again.

I have been in Washington state, Oregon, California, Arizona, New Mexico and Texas and the people of Hamlin treat a soldier with more respect than any town I have been in and I think that is something Hamlin should be proud of. In most places the people try to get his \$21 first. Now I am asking you... Is that the way to treat a soldier? Another thing is, we soldiers do not think is fair... and that is our GIRL FRIENDS quitting us after we go into the service. If we can't come home to see them, they pick some guy who will not or cannot join the army. I think the GIRLS should be more true to the ones who joined the army. Maybe they don't see it that way... looks like they don't.

Tonight is "Friday night." The people of Hamlin went to a foot ball game, while we stayed in camp to listen to "Right Living". Did you ever hear it? It does something to you. Makes you wonder why we have to go and kill each other. You know we all have a right to live. It is great to hear the cannon fire and see it go through the air, then explode with a noise you can hear for many miles.

Well, I am a cook, so I will have to hush... 4:00 o'clock comes aw-

Editor's Note: T. P., this is our letter to you. Yes sir, we know all of our old foot ball boys keep the Pipers in mind when our games come off. And what a game! You should have seen it... most of us nearly died of anxiety. Hamlin begins and soon the score is 6 to 0. Later Stamford 9 to Hamlin 6—then Hamlin 13 to Stamford 9. Later, Hamlin 16 Hamlin 13—next Hamlin 20, Stamford 16. Gosh, and 5 minutes to go. A long pass landed just right and it stood Stamford 22 to Hamlin 20. Now 2 minutes to go. YOUR CIVILIAN "SIGNAL CORPS"

Platoons of telephone construction men stand ready to roll out in blue-gray Bell trucks to set poles—string wire—install switchboards.

They know that a call for shell fuses now is almost as urgent as a call for serum—that life and death somewhere may hang on the prompt arrival of a shipment of cotton—that spoken messages must carry through the clatter of

mighty mill sheds—must cross vast industrial areas and leap the miles between cities.

They're doing a big job—these telephone men—and the telephone operators and repairmen who work with them. They race with your country's vital needs. They struggle to keep up with a demand for service greater than they have ever known before.

Band Gives New Formation

At the half Friday night, the band used a stunt that Mr. Smith had patterned from a band at the National Contest. The group marched on the field, down to the fifty yard line, and halted. Then they went into the swastika, the German emblem, and played "Lauterback," a German song. Then fire crackers, symbolizing bombs, were set off. After the swastika was destroyed, the American flag became predominant and reigned over the entire band as they played "The Star Spangled Banner." The flag was raised and the band marched off the field playing The Victory Song.

This stunt was liked by the public and there were many requests to have it put on again at some future game. Mr. Smith said it might be used again at some game that is to be played away from home.

Library Receives New Books

Twenty-four new fiction books are being added to the Hamlin High school library this week.

A few of these books are replacements of books which have been in the library before. Most of them, however, are new books. All types of books are in this addition. Some of the outstanding authors include: Lloyd C. Douglas, James Hilton, Booth Tarkington, P. G. Wodehouse, Emily Bronte, Pearl Buck, and Marjorie Kennman Rawlings.

More books are to be added as soon as the publishing house can fill the order.

Gym Class Plays Volley Ball

The sixth period gym class has chosen as its activity for this semester, volley ball, and the girls are engaging enthusiastically in the sport. They are interested in learning to play well and perhaps they will be able to win or at least make a good showing in the volley ball tournament at County Meet.

As the situation now stands the girls have not decided who will be their first opponent, but they expect to match a game before long.

The coach, Miss Myra Samford, tries her best to teach the girls the art of playing volley ball. She picks spike men and sets up men for each team.

If any other girls are interested in learning to play volley ball, report to the gym every day the sixth period.

Glee Club Hears Visitors Speak

The Glee Club was honored on Thursday by the presence of Mr. Roth, Mr. Johnson, and Rev. Harrell. Mr. Roth is a vocalist with Mr. Johnston as his accompanist at the piano.

Mr. Roth told of his studies and experiences in conducting A capella choirs and of his tours over the United States and Canada. He gave some impersonations and told us of the possibilities of our choral club.

Mr. Johnston played while the class sang our pep songs, church hymns, and a few popular songs.

The class enjoyed their coming to our Choral Club and appreciate their interest in our school.

Freshmen Choose Colors

Monday, Oct. 20, the classes of Hamlin High school had class meetings. The Freshmen met in Room 3. The purpose of this meeting was to choose class colors.

The class voted on the class colors. Several color combinations were suggested, but the freshman class decided on red, white and blue.

This class may be the slimy fish as Mr. Morton and others call them, but they are energetic, and every freshman is anxious to make some money for his class, and they are all rooting and piping for the Pipers!

Juniors Prepare For Jamboree

Monday, Oct. 20, the Junior class met for the purpose of electing its escort. Dean Witt won over Guy L. Elkins, Harold Newberry, and Steve Cantrell. The class colors and flower were also selected.

The colors are red, white and blue. In order to carry out this color scheme the red and white carnations tied with a blue ribbon filled the place of class flower.

In discussing the long tradition concerning the Carnival, it was decided that a Jamboree should take its place. One of the Juniors highest aims is to have their queen crowned queen of Hamlin High, and they are endeavoring to see this happen.

Seniors Choose Queen

The Seniors have chosen Bettye Abbott as their queen for the school year. She is to be escorted in the Coronation Ceremony on November 8 by Bobby Barrow. Bettye will compete with Charlene Durham, Jonell Newberry and Billie Faye Rountree for High school queen.

Seniors also chose as their flower, the marigold, to coincide with their colors, maroon and gold.

Sophomore Class Meets

The Sophomore class met Monday morning in Room 8. They elected as class mothers and fathers, Mr. and Mrs. M. T. York, Mr. and Mrs. Z. T. Wilson, Mr. and Mrs. Robert Johnson, and Mr. and Mrs. Dick Low.

Maroon and white were chosen as class colors, and red and white chrysanthemums as class flowers.

The class is planning some kind of an entertainment in the near future.

Seniors Enjoy Hayride

About thirty-six energetic seniors gathered at the High school building at 6:30 o'clock Tuesday night for a hayride.

In a hay filled trailer and pickup the gay upperclassmen rode to the lake. They played games, sang and popped corn. The refreshments consisted of sandwiches, hot chocolate, potato chips and fruit.

The group sang its way back to town, and the merry seniors said good night, looking toward their next entertainment.

Six Weeks Tests

All of the six weeks tests are over. The students will receive their report cards Thursday, Oct. 23 from their class sponsors. The honor roll will be published in the next edition.

Debaters Receive Bulletins

Now is the time you will hear all the arguing the debaters have promised you. They have just received eight new books and can hardly wait until Wednesday to start arguing and building up their speeches.

The Debate Club boasts of three new members. These students decided that they would like to debate this year and also next year. Last year's debaters will graduate. They are W. D. Bristow, Jesse Locke and Margaret Sellers.

These students still plan to have an eventful year and want to come home with flying colors from the county meet this spring.

Homemaking News

Current Events were the main center of discussion in the Home-making I club meeting. Parts were given by the following: Wanda Austin, Wanda Jo Gardner, Billie Jean Holland, Hilda Hubbard, Velma Cleveland, Keith Jobe, and Billie Kathryn Lancaster.

Round table discussions on current events were better this time than they have ever been.

In the second section meeting of Homemaking I, the program was about Defense and School Lunches. The program was made up of talks on Democracy and Homemaking Education, by Billie June Coffey.

School Lunches and National Defense, by Juanita Bruner and Bernice Donaghey, and What's New in the School Cafeteria, by Juanice Hamric and Lila Marie Sedberry.

Probably the outstanding project for the Homemaking girls last week was the making of the huge American Flag used by the band in the formation last Friday night at the football game. The stars were shaped by the plane geometry classes, but the Homemaking classes cut and made the entire flag.

The girls in this department also made nine pairs of overalls for the local unit of Red Cross in co-operation with the local chairman, Mrs. Butcher.

Stamford Downs Pipers

For the first time in one and one-half years, the Hamlin Pied Pipers, the defending champs of district 10A, were over scored by the hustling Stamford Bulldogs in a nerve shattering game, with the Bulldogs displaying their ability to block the Pipers kicks.

The two traditional rivals took turn about for the leading points six different times. End Roberts blocked four kicks for the Bulldogs! One of these bounced into the end zone for a safety.

After only seven plays, the last one a pass from Nolan Haines to Don Coles, chalked up a 6-0 lead in the first quarter for Hamlin. In the first part of the second quarter Roberts blocked Haines' kick and Stamford covered on the four. The Bulldogs blasted twice at the line, the last time paid off for their first 6 points and then took their turn to lead 7-6 as Roberts booted through

the posts for the conversion.

Soon after the kickoff Coles caught a 14 yard pass from Dean Witt and netted another score, then Bobby Barrow's kick proved a 13-7 lead for the Pipers.

After the halftime Roberts blocked Haines' kick and edged in a couple of points for a safety, as the pigskin sank back over the Bulldogs goal and changed the score to 13-9.

Stamford proved in the lead again after the kickoff as Rogers scrambled over from the 4 and kicked for an additional point to make a 16-13 change.

The last touchdown was made after a 50 yard drive when Dean Witt threw Coles a pass and gave them a 20-16 lead.

Within the last two minutes of the game Roberts contacted with a 40 yard pass from Lee, running an additional 33 yards for another 6 points.

Stamford led in first downs 11 to 8 and also in yards gained from both passing and running. However, Hamlin was the first team to score on the Bulldogs this year.

He's A Real Piper—PETTY

R. M. is the big, blonde boy who roams the halls of Hamlin High along with the other football boys, always under the watchful eye (and board) of Coach. R. M. is one of the four returning lettermen of last year. He has long been a faithful member of the Piper squad. He plays center on the team.

True to form his favorite sport is football. His favorite actor and

actress are Errol Flynn and Ann Sheridan. He says bookkeeping is his favorite subject in school. (Please observe, Mr. Grigg). Loafing is his main pastime.

We scratched our heads over this one, but he says he plans to go to A. and M. because there are no co-eds. Coach's influence must have made a lasting impression on R. M. We have our doubts about this one, too—He says his ambition is to be president. Power to you, Petty. It's too bad for brunettes, because R. M., like Lofton and Bobby, prefers blondes. These football boys even think alike.

Hamlin High salutes you, R. M., as a real Piper!

Ink We Splatter

Bobbie Wilson, is it just from habit, or is it just something you can't resist? Anyway, these senior boys certainly hold their attraction for you, don't they?

Of course, we realize that everybody in Hamlin High is patriotic, but you don't have to stand up every time the band practices "The Star Spangled Banner," especially during classes or in the study hall.

Marie is getting quite famous for her cough. But Marie assures us that if she has to go through a sore throat to gain fame, she doesn't mind it. We don't blame her.

Keith, seems to have caught the long wandering heart of Nolan. Confidentially, we think they look real cute together, don't you?

Mr. Bennett and Mr. Morton were just a little bit worried Wednesday morning. You know you can get into trouble if you collect too much tax or if you don't collect enough at the ball game, and they don't know which they've done. What they do not understand is why the government doesn't write laws in plain English, anyhow.

Sundown Barrow was all smiles Friday. It couldn't be that Hope was here to see the Stamford game. You can just bet that Bobby did his best playing, too for Hope, and for the Pipers.

Billy D., you ought to have sense enough to come in out of the rain. It does sort of embarrass you if your shirt starts shrinking, doesn't it?

it? Mary Nell, who's the tall red-headed senior, you've been going with? Yes, indeed, we think Joesph is o. k., too.

Well, well, Mack and Va. H. are going together again. Honestly we think they are doing right, 'cause they make a darling couple.

The junior queen is looking quite lovely these days. The Pied Pipers have noticed it, too.

Mr. Grigg just can't make his bookkeeping class understand that the grade sheet is correct. But still it is pretty disheartening to lose fourteen points just because you didn't understand an example or didn't see it. (Maybe).

Goodness, these senior girls certainly think these freshmen boys are cute! Girls, you better watch out or the freshmen girls will get mad.

Could Jean A. have been to Sweetwater or does she just like to drive trucks into ditches.

It's cheaper to INSURE your property, automobiles, and personal belongings against loss than to guard it.

EARER, NEARER comes ski weather.

Overnight even now your car gets steely cold. These mornings, as your starter prods the engine, the precious parts that you want to keep fit are rarin' to claw each other. But not after they're Winter OIL-PLATED by the quick simple change to your seasonally correct Conoco Nth motor oil. Its magnet-like effect holds OIL-PLATING clear up to the topmost piston rings, though your car may stand cold for days. Instead of all quickly draining down, Conoco Nth makes OIL-PLATING stay up on guard in advance—ready ahead of mere fast-flowing oil—to ease up the coldest starts.

Then when your engine's insides—even in Autumn and Winter—naturally warm up more than a brand new sunburn, your Conoco Nth oil shows you the type of economy that won the sensational Death Valley Death-Test—certified. 6 identical cars—6 widely advertised oils of quality, including Conoco Nth—were kept speeding over the desert, each on a different 5-quart fill—locked in—no oil ever added.

5 quarts of one big brand burned up—engine burned out—when the car with Conoco Nth still had the protection of 3.65 quarts! Even the runner-up's 5-quart fill was consumed, and the engine was junk, when the car with Conoco Nth still had 2.7 quarts in the crankcase.

All impartially certified.

Get the printed evidence at Your Mileage Merchant's Conoco station. There's where to change to this popular-priced Conoco Nth oil that OIL-PLATES your engine for protected prompt starting. That's more than a promise. It's backed by something real... OIL-PLATING. Continental Oil Company

GAVE TWICE THE ENGINE LIFE!

This oil that OIL-PLATES gave its engine more than twice the life averaged by the engines using the other oils in the Death-Test.

In these times use your car prudently. And use oil that's great for engine life—changing regularly as recommended.

Good starting—good lubrication against all needless wear—helps conserve gasoline, too.

Genelle D. has taken to preaching. We wonder if that's why she's going with the preacher's son or could it be something else.

S. C., who is your new girl friend? It couldn't be La Rue K., could it?

Jack Townley, you better watch out, 'cause Loftin is after your freshman girl friend, Jonelle N.

Billy D., don't give up, maybe Selma will give you a chance!

Clara, what nice letters you write to Loftin with the aid of Bobby and S. C. But really, we didn't know you felt that way!

Pedestrian Is Today's "Vanishing American"

The pedestrian, unless he mends his ways, bids fair to become the twentieth century's "vanishing American," according to a new booklet on highway safety just issued by The Travelers Insurance Company.

"When the white man first set foot on our shores," the booklet says, "he was beset by many perils, not the least of which were the resentful Indians. Many a Pilgrim chest was pierced by an arrow winging its way apparently out of nowhere and many a skull was split by an unseen tomahawk. Yet the white race survived to dominate in America. Why? Because the white man recognized danger and strove to meet it. He learned to walk with the stealth of his red brother, to avoid open spaces in the forest, to sharpen his senses, to move quickly and surely. Then he taught these precautions to his children.

"Something of this Pilgrim spirit and fortitude is needed among pedestrians today. All around them are dangers, but pedestrians heed them not. Instead, they cling to the out-dated idea that they can use the streets when and how they please, disregarding the fact that their ranks are thinned by many thousands every year."

The booklet points out that 12,500 pedestrians were killed in 1940 and more than 290,000 others were injured. Of the pedestrians killed, more than 34 per cent, and of those injured, 51 per cent were crossing streets against the signal, crossing between intersections, or coming into the street from between parked cars.

Such figures point once more to the major role that human carelessness plays in the sad drama of the highways. They shout the need for caution to those who travel afoot.

Sub-Deb Club Meets In Home of Sponsor

Miss Courtney Ann Magee was hostess to members of the Sub-Deb Club, Tuesday afternoon at 4:00 o'clock, in the home of the club sponsor, Mrs. Frank Waggoner.

The vice-president, Miss Phala Davis, directed the program which was on Parliamentary Law, with Miss Bettye Abbott giving the principal part. This was followed by a talk on Club Ethics by Mrs. Waggoner.

At the tea hour chicken salad sandwiches, potato chips, home made cake with iced drinks were served.

Attending were Misses Bettye York, Koleta Clements, Mary Jo Sills, Phala Davis, Bettye Abbott, Billy Faye Rountree, Joan Culbertson, Ruby Herr, Frances Ubben and Courtney Ann Magee.

A Happy Birthday For Mrs. J. C. Blanton

Friday, Oct. 10, was the birthday of Mrs. J. C. Blanton and it was a very happy day for quite a few people. As the years pass by and lives are crowded with many duties, friends drift away from each other

but nothing is more pleasant than to renew old friendships, so on this day Mrs. J. S. Dickey, Mrs. Arnold Tims and Mrs. Oron Teague invited all of the close friends and relatives that could be assembled at Mrs. Dickey's home to help Mrs. Blanton celebrate her birthday. It was a real surprise when Mrs. Blanton's granddaughter, Mrs. Oron Teague, brought her to see Mrs. Dickey and found the house filled with her friends. After greetings, which had been written in a register were shown to Mrs. Blanton, a huge basket of gifts was presented to the honoree, who unwrapped and displayed them. Mrs. Blanton thanked her friends in a very pleasing manner.

A very beautifully decorated birthday cake, the gift of Mrs. Teague, was cut and served with the refreshment plate.

Those present were: Mmes. W. J. Brians, M. Y. Wilson, Ella Burns, Fate Beavers, McGuire, L. S. Magee, G. L. McCracken, Fed Britton, S. K. Dillard, Myrtle Fannin, Q. Don Gould, Bessie Brunson, R. M. POT SHOTS FROM McCAULLEY

— BY GEO. DARDEN —

Rev. and Mrs. Hardesty were visitors in McCaulley Sunday night and Monday. Bro. Hardesty preached at the Baptist church Sunday night and he and Mrs. Hardesty spent Sunday night with Rev. and Mrs. Dick.

Mr. and Mrs. Vernon Harriss are visiting Mr. and Mrs. Walter Peacock for a few days. Their home is near Bonham.

Linnie Wheeler Eivens is home on a leave from the U. S. Cavalry. He

is stationed at Ft. Clark.

Stanley Jackson has returned to his home after several months in school at Abilene.

The Mens Down Town Bible Class is a success and all men who do not attend Sunday School at some church are cordially invited to attend. Mr. W. C. Jackson is to arrange a quartet for next Sunday and Roy Hennington will teach the class in the absence of Bro. Dick.

Mr. and Mrs. Louis Earl Madden have moved to Hamlin. Louis Earl is employed at the Gyp mill.

Mr. and Mrs. Leroy Prather have moved into town. Their home is in the Rector apartments, formerly the Sam Hardy home.

About a two inch rain here last Tuesday slowed down everything and what we hear is that a lot of cotton pickers pulled stakes. Well, we hope that plenty more will be here to take their place and with the sun shining the cotton will soon start rolling again. The McCaulley gins have two crews, night and day, so all we ask is fair weather.

Leroy Prather has been employed as school bus driver and is taking the place left vacant by Albert Gallaway who resigned on account of bad health.

Miss Flora Mason failed to get her Hamlin Herald last week and the only thing we know to do is to jump up Bowen Pope.

Mr. and Mrs. Leo Massey is visiting in the home of Mrs. Massey's parents, Mr. and Mrs. Ted Abbott.

O. R. Burnham has been on the sick list for the past several days but we hope to soon see him up and about. In fact, Mr. Burnham has about fifty bales of cotton open in the field and of course a fellow does not enjoy staying in bed when cotton is in the field.

Thomas Ferguson of Hamlin was in McCaulley several days last week on business, and as we have said before, McCaulley is about the best town in these parts, and we are always glad to have our Hamlin friends over.

It kinda made us sick, when the Hamlin boys got beat the other night, and too, when it looked like a cinch to beat Stamford. But as you know this game called foot ball is quite up-setting at times any way, but West Texas folks are sports enough to take defeat, so we say, boys, beat 'em next year.

The farmers and ginners are not the only people that have been swamped for the past two weeks; standing in line, waiting to get to the tellers cage at the F. & M. bank last week was like waiting in line at an old fashioned barbecue and while watching bank employees work we couldn't keep from feeling sorry for them, even though we were only waiting to draw our breath.

Sunday School, 10:00 A. M.
Morning worship service, 11 A. M.
Evening service, 7:30 P. M.

Monday, Oct. 28, the Woman's Society of Christian Service will meet for an all-day retreat to observe Week of Prayer and Self-Denial. We invite the ladies of the Neinda and Boyd Chapel churches to come and worship with us.

On Nov. 9, we are having a rally composed of the McCaulley, Neinda, and Boyd Chapel churches. Bro. Bickley plans on being with us, and special music will be arranged for. We urge you to come and be with us in this last service of the Conference year.

Cecil E. Ottinger, Pastor.

At this writing, it looks as if Moscow will fall at any hour, and we wonder what Great Britain is waiting for. If England had opened a new western front, it would have taken a lot of pressure off of the Red armies, but it seems as if England is determined to let the other fellow do the fighting and we in the United States are becoming less inclined to spill American blood for the British Empire when they only sit and wait for Hitler to come to see them. We admire the courage shown by the women and children of the British Isles but we in America are going to expect more than a few air raids by the R. A. F., that is if they want our aid. We might as well get ready to whip the Japs. They are asking for it, and the sooner the better.

A DARDEN-O-GRAM.

Mrs. Ernest Davis of Rotan and Mrs. R. L. Hebert of Cleveland, are here this week visiting their parents, Mr. and Mrs. Dan Howard.

The League had its regular program Sunday night, the topic being My Personal Religion. Billy Taylor brought the program with Loy Lee Nelson reading the scripture. Vada Taylor read an interesting letter on religion, Virginia Lee Cooley also read a poem. Following the League a special was played by Miss Kregolyne Bessire. Rev. Massey brought the message Sunday night.

There was a Quarterly conference held at Plasterco Sunday evening. Those who went from Dovie were Mr. Claude Bessire, Mr. L. B. Alden, Mr. W. W. Ivey and Rev. L. K. Malone, Mr. and Mrs. R. H. Cooley, Billy and Vada Taylor.

Those who took dinner with Mr. and Mrs. W. W. Ivey Sunday were Mr. and Mrs. Claude Bessire and children, Mr. and Mrs. L. B. Holden, Virginia Lee Cooley. We are happy to announce that Mr. Claude Bessire is home from Paducah to stay. We are very glad to have him back.

Mr. and Mrs. R. H. Cooley and family took dinner with their daughter, Mr. and Mrs. Gerald Renfro Sunday.

Mr. and Mrs. Ed Bessire visited Mr. and Mrs. W. W. Ivey Sunday evening.

Mrs. W. W. Ivey and Opal Parker visited Grandmother Malone Friday afternoon. We are glad to report that her burns are improving nicely.

Club Girls Work

By Mamie Carol Smith,

"As clothing demonstrator for the McCaulley Senior 4-H Club, I shall describe my clothes closet as it was before being repaired and after," said Velma Lu Boyd. "It is 7 feet long, 2 1-2 feet wide and 6 feet high. The walls and ceiling were dark brown beaverboard. (An iron rod extended the length of the closet with a few shelves at each end of the closet, being very dark, crowded and inconvenient.) In repairing the closet the first thing I did was to remove the iron rod and cut it into lengths which would fit in the closet cross-wise. I put a rod at each end of the closet and then placed a new shelf above the rods the length of the closet, under which I placed a shorter shelf. Below this shorter shelf, on the floor, there is room for shoe racks. At one end of the closet above the rod is a quilt shelf. I placed hooks about the closet to hang slips, pajamas, etc. Last of all I painted the closet white, making a much more desirable place to keep my clothing.

"I have enjoyed my 4-H club work this year to the fullest extent and I plan to do more and enjoy it even more next year if possible."

Velma Lu made 2 school dresses, 1 skirt, 4 sheets, made a quilt, and a bonnet. (She is an outstanding club girl because she improves her

home, as well as providing vegetables and fruit for home use.

In her garden which is 96 feet by 50 feet, Velma Lu raised stringless wax beans, pinto beans, black-eyed peas, squash, cucumbers, cabbage, radishes, okra, turnip greens, tomatoes, carrots, pumpkin, cantaloupes, and watermelons. Velma Lu helped her mother can 126 containers of fruit and 111 containers of vegetables which included peaches, pears, stringless wax beans, green pinto beans, bread and butter pickles, tomatoes, squash, plums, black berries, and pear, peach and plum preserves.

Mary Ann King, clothing demonstrator for the Sylvester 4-H Club, improved her bedroom, clothes closet, and wardrobe. "Before fixing my room, I had no window curtains, hat stand, shoe racks, pictures or a bed spread. The closet had two high shelves, but no low ones. My room is now down in pins. With mother's

and daddy's help, I put curtains up, made a skirt for my dressing table, refinished the woodwork and hung a mirror over the dressing table, made a shoe rack and hat stand, placed 2 lower shelves in my clothes closet and placed a substantial rod in my closet," said Mary Ann, age 10 years, who has only missed one club meeting in two years.

Mary Ann made a blue and white print dress, pajamas, two slips, 2 aprons, 3 pot holders, 2 stuffed toys, nine dresser scarfs, and 2 cup towels. She planned her wardrobe for the year, and then kept a record of the money she spent for clothing. Mary Ann enjoys 4-H club work because she learns to sew, cook, keep house, keep within her budget, and not to mess up the house.
